IS WILLING TO MAKE ISSUE OF NATION'S IDEALS

Wilson Hurls Defy at Opponents of League of Nations Plan

ASSERTS U. S. FURNISHED IDEALS FOR ALLIED ARMIES

Is Proud of Position America Has Taken In World Affairs

WASHINGTON, Feb. 25.—President Wilson today reiterated his confidence that the people of the country will support the plan for a league of nations, in a telegram to Theodore D. Burton, president of the league of nations union.

Boston, Feb. 25.—President Wilson will fight at home as he has fought abroad for a league of nations. Returning from France, he has thrown down the gauntlet to those who distrust the proposed concert of governments based, he said, on the American ideals which had won the war for justice and humanity.

"An American confining to her own territories her conception and purpose to make men free," he said, "would have to keep her honor for those narrow, selfish, provincial purposes which seem so dear to some minds that have no sweep beyond their nearest horizon."

Before a responsive audience that filled the largest auditorium in the city, the president pictured the old world fighting with stubborn dogmatism, and existing in the end nothing better for the peoples than they had known for centuries.

He pictured the American nation entering the lists with a new purpose—the freedom of mankind. The old world had caught the vision and any treaty of peace drawn otherwise than in the new spirit would be nothing more, he asserted, than "a modern scrap of paper," and the present peace, unless guaranteed by the united forces of the civilized world, could not stand a generation.

Bending over the speaker's table, his face set in tense lines and his right hand clinched, the president exclaimed: "Any man who thinks that America will take part in giving the world a such a rebuff and disappointment as that does not know America. I invite him to test the sentiment of the nation."

Interrupted by applause the president halted and then evoked the greatest demonstration of the afternoon when he added that he would accept no sweeter challenge than the issue of the American purpose in the war.

"I have fighting blood in me," he said with apparent feeling, "and it is some times a delight to let it have scope, but it is a challenge on this occasion, it will be an indulgence."

At another point in his address the president said that if the great hope of the world for a league of nations was disappointed he would wish for my part never to have known the world any part whatever this attempt to emancipate the world. I have no more (Continued on Page 2, Col. 2)

RUSSIAN THIEVES REFUSE JEWELRY

Steal Women's Clothes But Pass Up Pearl Necklace as Valueless; Food Scarce

RUSSIA, Monday, Feb. 25.—Forty pounds of wheat flour is being sold at Moscow for 800 rubles, and sugar is 50 rubles a pound, with both commodities virtually unobtainable. Starving horses which fall in the streets are stripped of their flesh before they are cold. Money is of little value and pearls, diamonds, jewelry and fine cloths are being brought to the market.

In order to get food a trader must offer clothes. Women refugees from Moscow were recently held up at Smolensk, it is said, and their clothing was stolen, but the soldiers declined to take it, saying they were unable to sell the necklace here.

Intense cold prevails in Moscow and fuel is so scarce that wooden houses in the suburbs of the city have been taken down for fuel. The furniture has also been used for the same purpose. Stores have been closed by merchants but the soviet government has taken over some of the larger places of business, where only Bolsheviks are served. Flower shops and hair-dressers do a fine business. The Bolshevik minister of war and marine who is fastidious about his personal appearance has a special lady manicure patronize him.

Nikolai Lenin, the Bolshevik premier, who is considered quite mad by some of his colleagues, is the only prominent Bolshevik left who appears to have an active life. It is related that his automobile got stalled in a snowdrift and at this moment footpads appeared and appropriated the driver's fur coat. They also demanded Lenin's but he explained:

PRIEST AND SERVANT ARE HELD FOR MURDER

MANISTEE, Mich., Feb. 25.—Officers from Leelanau county, who last night took into custody Mrs. Stanislaw Lypchinski, on a charge of murder in connection with the disappearance eleven years ago of Sister Mary Johns, from the convent at Isadore, near Traverse City, planned today to further question the woman and Father Andrew Bielewski, pastor at Isadore a decade ago. The authorities hold another warrant in the case but announced that they are not yet prepared to serve it. Mrs. Lypchinski, who was housekeeper for Father Bielewski at Isadore, and came here with him in the same capacity a few years ago, was arrested after the officers had spent the entire afternoon questioning her and the priest at the parish house here.

Both emphatically denied any knowledge of how the nun, who was teaching at the convent, met her death. They also denied any knowledge of a body having been buried beneath the basement of the church, the exhuming of which recently precipitated the present investigation. As far as they knew they told the officers, Sister Mary disappeared one day while out walking. In connection with this statement officers recalled that the nun had been in the habit of taking long walks through the woods. It was this habit that led to the use of bloodhounds in an attempt to trace her following her disappearance from the convent.

REVENUE BILL IS SIGNED; HIGH TAX PLACED ON LIQUOR

Luxuries Also Are Hard Hit In the New Tax Measure

MUCH LIQUOR IS TAKEN FROM BONDED STORAGE

Dealers Save \$3.20 Gallon Tax On Beverages Withdrawn

WASHINGTON, Feb. 25.—Signing of the revenue bill by President Wilson on his special train en route to Washington last night puts into operation the machinery for collecting six billions of taxes this year.

Higher taxes provided in the new bill go into effect today on liquor and soft drinks, including beer, grape juice, soda water and mineral waters, and on tobacco, and on so-called luxuries. Anticipating the imposition of new taxes, thousands of gallons of whiskey had been withdrawn from government bonded warehouses within the last week, with tax paid at the old rate of \$3.20 a gallon, to escape the higher rate of \$6.40 a gallon now effective.

Articles in the "luxury" class on which new taxes go into effect today include automobiles and motor accessories, pianos, sporting goods, chewing gum, cameras, candy, fire arms, slot machines, toilet soaps and art goods. The tax is paid by the manufacturer. Other features of the tax bill which go into the legal effect today but which are retroactive, and consequently are not practically effected by the time of the signing of the bill include the following: Taxes on incomes, excess profits and war profits; estates and inheritances; and excise taxes on a number of special businesses, such as brokers, bowling alleys, insurance companies, theatres, and amusement place proprietors, and liquor dealers. Drastic measures to prevent the narcotic drug traffic become effective at once.

On April 1 new taxes on railroad and steamship tickets, pipe lines, insurance, theatre admissions and club dues, and a variety of stamp taxes become effective. Levies against the excess value of so-called semi-luxuries, such as articles of dress, jewelry and furs, after May 1. The new fountain tax becomes effective May 1. Taxes on products of child labor will be imposed in sixty days.

Without awaiting signature of the bill by the president, the internal revenue bureau has gone ahead preparing to administer the law. Tax return forms and regulations are being issued and income and profits tax returns must be filed by March 15.

HELMETS MAY BE DRUG ON MARKET

Government Seeks Law By Which Souvenirs of War Can Be Used to Boost Loan.

WASHINGTON, Feb. 25.—Eighty-five thousand captured German helmets, sent to this country by General Pershing for Victory Liberty Loan purposes, delivered today in a huge pile at Hoboken, N. J., today, sent government lawyers prying into their books to find some statute under which the "iron hats" might be given away. At first the war department said the loan managers' plans for using the helmets proved today for the best reason in each district could not be carried out because the government by law was forbidden from giving away materials. Then Frank R. Wilson, director of loan publicity, thought of an old law permitting the government to give away munitions of no value. Now war department lawyers are checking up on the law.

Meanwhile a long distance telephone message to the treasury from Hoboken said souvenir hunters from the neighborhood are nibbling into the pile of helmets without awaiting the lawyer's decision.

SENATE ADDS TO NUMBER IN ARMY

Would Keep Half Million Men Under Arms By New Appropriation.

WASHINGTON, Feb. 25.—With provision restored for an army of 535,000 officers and men during the next fiscal year, the army appropriation bill in its present form today passed the senate military committee. The war department asked for this provision, but the bill as it passed the house allowed for only 475,000 men.

CLEMENCEAU AN UNRULY PATIENT

Insists on Leaving Apartments and Wants to Return to His Duties.

PARIS, Feb. 25.—Premier Clemenceau's progress is such that he is now classified as a convalescent. Latest reports continue to indicate that he is improving and that he will soon return to work. The greatest difficulty now experienced by his physicians is in keeping him in his apartments. While at first it was very hard to prevent him from exerting himself and talking, he now wants to be taken out of doors.

Emile Mottet, the premier's would-be assassin, will be interrogated today by Captain Leheron of the Paris military court. Several arrests were made yesterday, those taken into custody having judicial inclinations similar to those of Cottin.

LICKING COUNTY MAN NAMED BY COX ON AG. BOARD

Homer C. Price Appointed Member of State Board of Agriculture

GOVERNOR SENDS IN LONG LIST OF APPOINTMENTS

Fulton Testifies Before Committee About Ratification Notice

COLUMBUS, Feb. 25.—Governor Cox today submitted to the state senate a list of his recess appointments for confirmation. They will be presented to the senate late today and Republican members predicted that the senate would refuse to confirm the important salient positions. Homer C. Price of Licking county, was among those appointed members of the state board of agriculture.

These appointments include the following: H. S. Riddle, Republican, Franklin county, and Edward Reinert, Republican, Franklin county, members of the Ohio board of administration; W. H. Tompkins, Democrat, Montgomery county, superintendent of insurance; Charles L. Resch, Democrat, Franklin county, state oil inspector; R. W. Walton, Republican, Franklin county, and George Ewing, Democrat, Fairfield county, members of the state civil service commission; V. A. Ely, Democrat, Brown county, state supervisor of printing; H. C. Grey, Democrat, Butler county, commissioner of soldiers' claims.

If the senate does not confirm the appointments the officials will be reappointed and continue to serve, but their appointments may be recalled by a succeeding governor. A number of the appointments are for periods extending beyond the term of the present governor.

Non-salaried appointments made by the governor and which the senate is asked to confirm are the following: Albert Kern, Montgomery county, trustee, Ohio Soldiers and sailors Orphans home; J. E. Collins, Sandusky, and D. C. Brown, Henry county, trustees, Bowling Green State Normal School; Robert H. Vollmeyer, Lucas, and J. M. Smith, Washington county, members of the state board of dental examiners; L. M. Smith, Crawford county, county state library commissioner; T. S. Hogg, Franklin county, trustee, Ohio University; (appointed for life term); Guy W. Mallon, Hamilton, and O. E. Bradford, Greene county, trustees Ohio State University; F. H. King, Van Wert, and F. D. Meyers, Summit, George Warner, Lorain, William Stroop, Montgomery, Homer C. Price, Licking, and J. L. Carlisle, Highland, and Charles Allen, Fayette, members of state board of agriculture.

Behind closed doors, a special senate committee began this morning investigating the charges of alleged irregularity in the sending of a certified copy of the resolution ratifying national prohibition to the secretary of state at Washington.

Senator Latham, chairman of the committee, said the hearing would be held tomorrow when a report will be made to the senate.

It was reported today that an attaché of the senate would attend sending the certified copy and that he did so as a private citizen, and that any private citizen might send the certified copy to Washington. His only interest in so doing, it is said, was to have Ohio on record as one of the first states ratifying national prohibition.

The resolution specified that the key error of the state should send the certified copy of the resolution which was later done by Governor Cox. The governor was not called before the committee today.

CHEERING CROWD GREET'S WILSON

Leaves Special Train at 8:40 After Arriving in Washington at an Early Hour.

WASHINGTON, Feb. 25.—President Wilson arrived in Washington at 5 o'clock this morning from Boston, where he landed yesterday from the transport George Washington. His stay here will be brief, as he will remain on their special train some time before going to the White House.

President Wilson left the train at 8:40 o'clock and drove to the White House.

Passing through the station with a brisk step, Mr. Wilson took a cheering early morning crowd of thousands awaiting him. He acknowledged the applause by lifting his hat and smiling. Many scores of soldiers in the crowd stood rigidly at attention as the commander-in-chief passed by.

OHIO TROOPS TO RETURN IN MARCH CHIEF ANNOUNCES

Battery Regiment to Come In May, Is Paris Report

WILL LEAVE 300,000 MEN IN FRANCE AFTER JULY 1

Ten Combatant Divisions Will Remain While Peace Is Restored

PARIS, Monday, Feb. 24.—Nearly 500,000 men of the American expeditionary forces will, before July 1, either have returned to the United States or will be homeward bound, according to the plans of the general staff announced in a general order by Brigadier General James W. McAndrews, chief of staff today.

The 27th, 85th, 37th and 91st divisions will sail in March; the 26th, 77th, 82nd, 35th and 42nd in April; the 32nd, 28th, 33rd, 80th and 88th, in May, and the 29th, 90th, 29th, and 79th, in June.

KEEP 300,000 TROOPS.

WASHINGTON, Feb. 25.—Announcement by General Pershing's chief of staff, that 18 national guard and national army divisions now in France and will from France before July 1, apparently confirms reports which have been current here that the expeditionary forces were to be reduced to a total strength of 300,000 by the end of the current fiscal year.

Calculations in the various war department bureaus, it is said, have been based upon the 300,000 strength in figuring the maintenance of the army abroad after July 1.

The announcement from France indicates that in addition to the seven regular divisions now in France and which presumably men desiring to remain temporarily are being transferred, the American forces after July will include the 29th national guard and the 78th and 81st national army divisions.

This would give a nine-division strength for the combatant forces and allow one division for employment as a depot unit.

While the statement from Paris named only 18 divisions, all others now in France except the seven regular divisions and four national guard and national army divisions already are on priority for early return or have been skeletonized and are returning as casuals.

MILLER HAS WORD WITH SENATORS

Charges Senator Wright of Cleveland With Being Representative of Wet Interests.

Columbus, Feb. 25.—The session of the senate was occupied last night for nearly an hour with a verbal combat between Senator Wright of Cleveland, Democrat, and Senator Miller, Republican, chairman of the senate committee on temperance. Arising to a question of personal privilege, Wright read a speech which he asked to have printed in the senate journal in which he charged Miller with alleged unfairness as chairman of the temperance committee in dealing with representatives of the Soldiers and Sailors' Suffrage League and for having the attorneys for the Anti-Saloon League re-draft the dry bills.

Miller, in reply, admitted Anti-Saloon League attorneys were working on the bill, and charged Wright with being the representative of the wets.

"It isn't a question of personal privilege at all; he is simply delivering the goods," Miller shouted. He said Wright made his attack on him after consulting wet lobbyists.

"I can't understand why these wet propagandists are hanging around here, anyway, after the people have settled this question," Senator Miller declared.

Senator O'Brien, Republican of Cincinnati, joined in the Miller-Wright controversy, and also assailed the chairman of the temperance committee, charging him with "arrogance."

Lieutenant Governor Brown was forced to call the senators to order.

doubt of the verdict of America in this matter than I have doubt of the blood that is in me."

New England gave the president a rousing welcome home. This city probably never has seen a greater crowd than gathered at every point of vantage along the route from commonwealth capital to the naval center. As the president's party from the steamer George Washington, through the downtown districts and around two sides of Boston common to the Copley Plaza hotel, where a stop was made for luncheon.

At every turn the president was cheered. Hat in hand he stood in his motor car throughout the two miles of the parade except in one block between Washington and Tremont streets where, because of the narrow way, spectators were not allowed to congregate.

The national army, the navy, the state guard and the city police on lines either side of the route formed a guard of honor for the entire distance of the drive. So effective were the arrangements that not an unpleasant incident occurred.

Opposite the statehouse in front of which a group of wounded soldiers greeted the president a handful of suffragists claiming to represent the National Women's party, took their stand for a demonstration which they had announced. Before the parade reached them, they were told by the police to move on. Refusing, they were arrested for loitering and locked up. Later, at the hotel, the president received a committee from the Massachusetts Woman Suffrage association, a non-militant organization, and asked its members to convey to the state body his "warm regards and sympathy."

His reception in Europe, he said, he considered as not a tribute to himself, but a welcome to the American people. He regarded it as a welcome to "the friends of liberty" coming across the sea to see that a new world was to be consecrated on the basis of justice and right.

"The greatest thing I have to report to you," said he, "is that this great country of ours is trusted throughout the world. I have not come to report on the progress of the peace conference. That would be premature.

"The men who are in conference in Paris realize they are not masters of their world but servants of their people, and that no man will dare go home from that conference and report anything less than is expected."

Speaking of the slow progress of the conference the president reminded his audience of the complexity of the problems affecting nearly every country in the world.

"What we are doing," he said, "is to hear the whole case from those most interested. I have been struck by the moderation of these representing national whims.

"I have seen tears in the eyes of men in their pleading for a national am-

THREE ASK COURT TO SEVER TIES

Unhappy Couples Enter Common Pleas Court to Win Order of Separation.

Three divorce petitions have been filed in common pleas court by wives who have found that marriage is a failure. Violet I. Hughes and Thomas J. Hughes were married on Decoration Day 43 years ago and have children of age. In her petition for a divorce she charges her husband with habitual drunkenness and failure to provide.

Musie Levingson and George W. Levingson were married on September 1, 1917, and she alleges that on February 23, 1919, defendant assaulted her and threatened to kill her and that she fears he will beat, wound and otherwise injure her. She also states that her husband has been guilty of gross neglect and has failed to support her for more than a year last past. She requests the court to restore her to her maiden name of Musie Hoyt and grant her reasonable alimony.

Josephine Goodin in her divorce petition against Harlan H. Goodin, the Park National Bank being made a party defendant, states that they were married June 30, 1917. She alleges her man has been guilty of extreme cruelty and has repeatedly in the presence of others called her vile and indecent names and falsely accused her of infidelity. He has refused and failed to provide for her and on February 21, 1919, abandoned the plaintiff. She alleges defendant earns \$150 per month and has about \$1,400 in the Park National bank, and asked for an injunction to restrain him from drawing the money out of the bank until the case could be heard on its merits and which the court granted. She asks also that she be allowed permanent alimony.

BOYS SEE SIGHTS IN RHINE VALLEY

Saturday Afternoons and Sundays Spent On Trips to Points of Interest Near Coblenz.

Battery B boys, stationed at Kleinmischel on the Rhine, have Saturday afternoons and Sundays to rest, but they usually take little trips to the surrounding towns for there are many interesting things to see.

Things of interest in Coblenz are Stolzenfels Castle, that belonged to the Kaiser and Ehrenbreitstein fortification, which is one of the largest forts in Germany.

Private Alva L. Gleason of Battery B, 324th H. F. A. wrote the following letter January 19th to his mother, Mrs. C. V. Gleason of West Church street, telling of their positions while at the front and their trip to the Rhine:

"At this writing our Battery is stationed in Kleinmischel, Rheinland (Germany). This town is about 15 kilometers from the Rhine river and about 22 kilometers from the city of Coblenz. We have been billeted in this small town.

Before going to the front we spent a short time at Camp Coetquindan, a large artillery training camp. The history of this camp is somewhat interesting. It was established by Napoleon. After leaving Coetquindan we went to the front. Fired our first shot at 5:45 o'clock p. m., October 7th, 1918. We laid down a seven hour and a half barrage on October 8th. At this time we were in a position along the Meuse river. We were on the Verdun front and in position at different points close to the Meuse river until our last position which was close to Haramont and Leivy. Our guns fired up until the time the armistice came effective. We fired a barrage on the morning of Nov. 11th.

"A few days after the armistice was signed we started on our march to the Rhine. As we were in the 32nd division we became a member of the Army of Occupation, an army to go into Germany and occupy the defeated States. Our mission is to see that the enemy carries out his terms.

THREE ASK COURT TO SEVER TIES

Unhappy Couples Enter Common Pleas Court to Win Order of Separation.

Three divorce petitions have been filed in common pleas court by wives who have found that marriage is a failure. Violet I. Hughes and Thomas J. Hughes were married on Decoration Day 43 years ago and have children of age. In her petition for a divorce she charges her husband with habitual drunkenness and failure to provide.

Musie Levingson and George W. Levingson were married on September 1, 1917, and she alleges that on February 23, 1919, defendant assaulted her and threatened to kill her and that she fears he will beat, wound and otherwise injure her. She also states that her husband has been guilty of gross neglect and has failed to support her for more than a year last past. She requests the court to restore her to her maiden name of Musie Hoyt and grant her reasonable alimony.

Josephine Goodin in her divorce petition against Harlan H. Goodin, the Park National Bank being made a party defendant, states that they were married June 30, 1917. She alleges her man has been guilty of extreme cruelty and has repeatedly in the presence of others called her vile and indecent names and falsely accused her of infidelity. He has refused and failed to provide for her and on February 21, 1919, abandoned the plaintiff. She alleges defendant earns \$150 per month and has about \$1,400 in the Park National bank, and asked for an injunction to restrain him from drawing the money out of the bank until the case could be heard on its merits and which the court granted. She asks also that she be allowed permanent alimony.

BOYS SEE SIGHTS IN RHINE VALLEY

Saturday Afternoons and Sundays Spent On Trips to Points of Interest Near Coblenz.

Battery B boys, stationed at Kleinmischel on the Rhine, have Saturday afternoons and Sundays to rest, but they usually take little trips to the surrounding towns for there are many interesting things to see.

Things of interest in Coblenz are Stolzenfels Castle, that belonged to the Kaiser and Ehrenbreitstein fortification, which is one of the largest forts in Germany.

Private Alva L. Gleason of Battery B, 324th H. F. A. wrote the following letter January 19th to his mother, Mrs. C. V. Gleason of West Church street, telling of their positions while at the front and their trip to the Rhine:

"Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "...on the Continent and in America certain 'sauces' are employed ...the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to any-

thing as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—"Your Nose Knows."

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

AMUSEMENTS

AUDITORIUM.

Tonight.
"The Testing of Mildred Vane," a play so gripping and absorbing that it's sure to keep its audiences spell-bound for the entire performance, will be seen at the Auditorium today with beautiful May Allison as the star.
The story is so unusual that it deserves credit for its originality as well as its concise and well-built plot. Dr. Hernandez is a student of heredity and the supernatural and believes that the spirits of the dead mingle freely with the living—feeling pain and grief with their loved ones on earth. For a fancied wrong done to him many years before by Mildred's dead mother he means to wreak his vengeance on the beautiful young girl and thereby make her mother's spirit suffer. His plan is

to cause the father of the beautiful young girl to believe that she is the child of another man, thereby gaining a double revenge—making the father and daughter unhappy for life and discrediting the young debutante in the eyes of her lover and friends.
At the Auditorium today.

"Five Thousand Dollars an Hour."
The Metro play starring Hale Hamilton, which will appear at the Auditorium theatre on Thursday, shows distinguished talent from all angles of the production—in the acting, authorship and direction.
Mr. Hamilton, who is seen as the star, is an actor of note and distinction both here and abroad and is known internationally for his famous presenta-

tion of the role of Wallingford in "Get-Rich-Quick Wallingford," which created such furore in England that it was censored by Royal Command to be presented before the king and queen at Windsor Castle. Lucille Lee Stewart, who is seen in the leading feminine role of Constance Joy, is famous throughout the country for her beauty and charming personality and splendid screen work. Others of the cast, too numerous to mention, are all well known in the theatrical world.
The play was taken from the clever novel of the same name written by George Randolph Chester, the eminent novelist and playwright, who was also the author of "Get-Rich-Quick Wallingford."

Howe's Pictures.

One of the most remarkable things of the world war for democracy was the way the Italian army was trained for service against Austria in the Alps. The training of the ski soldier is shown in Lyman H. Howe's newest

Travel Festival, which comes to the Auditorium theatre tomorrow afternoon and evening.

The picture is a remarkable example of snow photography, the mighty white enveloped Alps being the background. Flow the soldiers start out after breakfast, don skis after reaching the snowy heights and then progress upward. It is decidedly interesting. Various dangerous ski evolutions are shown with hundreds of ski soldiers racing in battle formation down the steep sides of the mountains.

The training of the ski warrior is but one of the interesting features of the latest Travel Festival program. This year Mr. Howe is taking audiences upon a picturesque tour of Japan, showing the quaint temples and sacred shrines of the chrysanthemum land. Another feature is canoe fishing and hunting trip through the Canadian wilds. This includes a remarkable picture of a hunter leaping from a spearing canoe and landing upon a wild moose's back. There is a photographic tour of beautiful Yellowstone National Park, with its falls, canyons and geysers. Seats now selling.

"The Boomerang."
It has been settled that David Belasco is to send his latest comedy success, "The Boomerang," to the Auditorium shortly. This Wanchell Smith and Victor Mapes piece recently concluded an eight months engagement at Powers' theatre, Chicago, previous to which it ran for 15 months at the Belasco theatre, New York, where it was said to be the best comedy that has been produced in recent years.

It will not have a road company foisted upon it in this instance, but local theatregoers will see the following cast of Belasco excellence: Robert Connors, Harry Hayden, John Clements, Carlton Rivers, John N. Wheeler, Geo. Spelvin, Louiszita Valentin, Katherine Hayden, Mary Elizabeth, Helen Slosson, Alma Chester and others, with the original production intact. Mail orders now being received.

Auditorium Notes.
William Farnum in "For Freedom" will move from the Alhambra this evening just for one showing at the Auditorium. He will be screened at that house starting around 8 p. m. This makes a big double feature program for those who come to this theatre at 7 p. m. for May Allison, Dainty Metro

star is shown in "The Testing of Mildred Vane."
On Thursday together with Hale Hamilton, who is seen in "Five Thousand Dollars an Hour," the Master Mystery with Houdini, world's greatest entertainer in the opening episode of the 15 weeks' serial, said by those who have seen it to be the greatest serial ever placed upon the screen.

"FOR FREEDOM."

The percentage of women who lose a lover when they gain a husband is appallingly large. Wives, as a rule, are unwilling to admit the tragic fact, and most of the victims do their pitiful best to persuade themselves of the falsity of the proposition. They fall invariably. Some become heroines in bearing, in silence, as best they may, the secret which burdens the heart. Others, of lighter calibre, seek elsewhere that which they cannot find at home. The quest is always perilous, and often disastrous.

There is one angle of this widespread cause of marital discontent or woe which every married woman will recognize as true either in her own case or in the case of some friend or acquaintance. This is the angle of the husband who apparently, not really, ceases to be the lover.
This is the theme which lies at the very root of the thrilling story which is told in the new William Farnum de luxe production, "For Freedom," in which the noted William Fox star attracted large crowds to the Alhambra yesterday. It is seen today for the last times.

With the Original Cast.
"The Boomerang" extra-vaganza, "All Baba and the Forty Thieves," which will be shown at the Alhambra theatre beginning tomorrow, may be said to have some of the original cast of which the romancers of old Persia wrote when they compiled that remarkable volume, the Arabian Nights.
"All Baba" is said to have been produced with all the splendor of the original times and period. Among the properties secured for the production were a number of rare old Persian rugs. The history of one of these, it is claimed, dates back to the famous monarch Haroun-al-Rashid, whose court it adorned. The engagement runs over Thursday.

"The Vamp."
If you wish to laugh, be entertained royally, and incidentally learn something of the methods of the familiarly ascribed sex who deliberately set out to fascinate the opposite sex, you should not fail to see "The Vamp." Enid Bennett's new photoplay which will be shown at the Alhambra theatre Friday and Saturday.
There is a craft and guile behind a master-craftsman, C. Gardner Sullivan, involving a labor mix in a coal mining district and a Hun scheme to foment trouble. The vamp was her husband, and also events her talents in this genre art to win the secrets of a vile schemer employed by the Germans.

"The Master Mystery."
The New York Morning Telegraph had the following to say regarding the serial "The Master Mystery" which Mr. Farnum brings to Newark for a 15 week showing at which time a different episode will be shown weekly at the Alhambra theatre. The first episode has three reels and starts tomorrow.
"The Master Mystery" is a master serial, and serial lovers can anticipate a 15 weeks' treat at the houses where

Children Love Candy Cascarets

Careful mothers know that Cascarets in the home mean less sickness, less trouble, less worry, less cost. When one of the kiddies has a white tongue, feverish breath, sour stomach or a cold, a Cascaret quickly and harmlessly "works" the poisons from the liver and bowels and all is well again.

TO MOTHERS! While all children detest castor oil, calomel, pills and laxatives, they really love to take Cascarets because they taste like candy. Cascarets "work" the nasty bile, sour fermentations and constipation poison from the child's tender stomach, liver and bowels without pain or griping. Cascarets never disappoint the worried mother. Each 10 cent box contains directions for children aged one year old and upwards.

the chapter film is booked every seven days.

Mr. Houdini's avowed purpose of going on the screen to give the world a pictorial record and proof of his unique genius is borne out in the results. The story gives him an opportunity to perform about two thrilling feats in every episode, each one different, and their effect on the screen is at times even more mystifying than on the stage. He gets out of the straitjacket, unlocks a door with his toes after taking the keys from the pocket of a man on the floor below where he himself is suspended by his wrists; breaks handcuffs, opens the door of a cell where he has been confined, releases himself from the box in which he has been thrown into the water bound hand and foot, gets out of his diving suit, an invention which Mr. Houdini will present to the Government after one of the villains also beneath the water cut his air tubes, and unloads himself while suspended in midair above a vat of acid.

BOWSER OFFERS MATCH TO INDIAN

Would Meet Chief Montoui Here March 6, to Wipe Out Stain of Defeat.

Paul Bowser has refused Chief Montoui's offer to wrestle the Indian at Homestead, Pa., but instead has written the Indian that he will take him on here Thursday, March 6. Bowser agreed to give Chief Montoui the decision after he had been injured and the champion wants another go to prove that he is the Indian's equal if not superior. Those who witnessed the last match when the two gladiators met claim that it was the best one ever staged in the city.

New York, Feb. 25.—Moderate selling of shares recently in speculative favor accompanied the initial dealings on the stock exchange today, traders evidently taking warning from yesterday's sudden advance in call loans to the highest rate in two years. Kelly-Springfield tires reacted two points and Southern Pacific and Marine preferred a point each, recessions otherwise being limited to substantial fractions. Before the end of the first half hour however, motor accessories, U. S. Steel and Crucible Steel led the more extensive declines.

Trading continued to be influenced by the money market with an opening rate of six per cent for call loans. Oil, steel and active equipments also leathers and several investment rails remained heavy, but best sugar, American Sugar, Sumatra tobacco and American woolen improved 1 to 3 points.

Says Epsom Salts tastes like delicious lemonade now

Instead of asking for the common Epsom Salts, ask for Epsom Salts hereafter. You will get a big package for only 15 cents. Epsom Salts look and act exactly like lemonade. Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent, lemonade-like drink for the liver and bowels. Take a tablespoonful of this delicious Salts in a glass of cold water when you feel bilious, sick, headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste. Epsom Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home, say local druggists. (Adv.)

KIWANIS CLUB HEARS TALK ON OSTEOPATHY

In the absence of President Gard, Dr. C. L. Wyeth presided at the noon meeting of the Kiwanis club Monday.

Dr. R. Whitney, assistant to the secretary of the Chamber of Commerce was the club guest.

H. W. Mackenzie, the club jeweler was the silent booster, presenting two of the members with stick pins, and one with a club button.

An interesting talk by Dr. A. E. Best held the attention of the gathering after business was cleared away. The subject was "Osteopathy," timely, in that it has drawn much attention to itself during the influenza epidemic.

Osteopathy was first taught at Kirksville, Mo., in 1892. It is recognized as a profession in 44 states. The course requires four years time, three of which are spent in the same work which occupies the regular physician. The principles are those of the mechanics of the human system.

Any structural change in the mechanical part of the body may bring about disease, and so small a thing as a misstep may cause a structural change which will not hurt long and so be overlooked. Osteopaths accept the germ theory and proceed to remove causes which aid the germ in its work; they advise surgery but as a court of last resort. Two "Bring 'Em Back" clubs have been proposed and are being subscribed to, in honor of Fred Allison and Charles Hewitt, both with the A. E. F.

RELIEVED RHEUMATICS ENTHUSE

"ALL LOUD IN THEIR PRAISE OF 'NEUTRONE PRESCRIPTION 99'"

A working man buying a bottle of "Neutrone Prescription 99" was asked how it was helping him.

"Helping me," he replied. "Why, there is nothing on earth like it. You don't know how my swollen joints and muscles pained and burned. I was nearly crazy with suffering and the worry of losing so much time and pay."

"Before I knew of 'Neutrone Prescription 99' I tried all kinds of tablets and liniments, but one bottle of 'Neutrone Prescription 99' helped me so much that I am never without it now. All my aches and pains are gone and I feel like doing things."

"'Neutrone Prescription 99' certainly must be a wonder, the druggist replied. 'We have never handled anything like it, they all say the same', 50c and \$1.00 the bottle.

NERVOUSNESS ON THE DECLINE

Doctors Encouraged, They Hold Out Hope for All

"Nothing wrong but my nerves," we hear it at home, at work and everywhere. Certainly, nervousness is a disease. A man or woman might better have a broken leg than a shattered, run down nervous system.

Overwork and worry drains the nerve cells and centers of all their strength and vitality, then you get your sleepless nights, poor blood, nervousness, worry and fear. The better doctors of today know just what to do in cases of this kind. A few weeks' use of Phosphated Iron really fails to strengthen and feed the Phosphate-hungry nerve centers.

Phosphated Iron certainly does take hold. The way the majority of patients come back is remarkable.

What a change in appearance, too. The cheeks become filled out and flushed with the healthy ruddy glow that only pure, strong, iron blood can give. Ever sparkle, their step has the spring and swing of youth and their whole system seems to be alive with energy and good spirits.

Mr. Nervous Man or Woman, Phosphated Iron will do all this for you if you will give it a chance. Do not drag around, all in and half dead another day, but get help in so near, get busy and be a live one once again!

To insure doctors and their patients getting the genuine Phosphated Iron we have put in capsules only, so do not allow dealers to give you pills or tablets. Insist on capsules.

BETSY ROSS GIRLS AID WORK IN ARMY CAMPS

The regular meeting of the Betsy Ross circle of the Patriotic League will be held Tuesday evening at 7:30 o'clock in the offices of the Licking Creamery company.

The circle is having a great many requests for various kinds of work to be done for the reconstruction department in the various camps. There are several offices in this city that are not represented in this club.

The circle has a call for buttons, button molds, and lead dress weights. These button molds are used in the manufacture of wheels for toys. Any one who has any of these will confer a favor by leaving them at the Licking Creamery company, Elmwood court.

An Esthetic Seal.
Is she fond of music and pictures? asked the friend.

I should say so, replied the adoring young man. She doesn't think any movie theater is complete without an orchestra.—Washington Star.

Played Out.
Mrs. Hashmore—I am sorry to say the tea is all exhausted.

Crusty Boarder—I am not surprised; it has been awfully weak for some time.—Pearson's.

A Bright Judge.
Prisoner—It is difficult to see how I can be a forger. Why, I can't sign my own name.

Judge—Your aren't charged with signing your own name.—Tid-Bits.
